DESCRIPTION

If you'd rather be the captain of your own boat rather than rent one, why not buy a former GRP hire boat ?

This one has been well thought-out with a comfortable interior space for four. It's easy and safe to walk around the exterior. This makes for a much more relaxed cruising experience. The best feature on this boat is that you can transform the main living area by simply sliding the roof open.

The two en-suite cabins are at each end of the boat with a perfectly formed kitchen in the middle.
